

Subject: A Present to Us!  
Date: December 17, 2013 5:07:51 PM PST

## SHWindow

Nice news -- a Christmas present to us from CalTrans and Jim Haller's City crew! The Tree Tunnel is done and looking very spiffy. When the trees leaf out in the spring, the Tunnel will regain most of its magic. We are still in a long replanting process as the new trees grow in and others are replaced but new ones are a disease resistant variety.

So BIG THANKS to Eamon Dwyer's CalTrans crew, to Jim Haller's City guys, to Beringer's for watering the trees and to all who rallied around the Tree Tunnel and its meaning to St. Helena -- it takes a lot of caring people. *(send the photos to friends)*

And, at the end of 6 months of this website, I want to thank you all for supporting St. Helena by coming together here. Have a great holiday and stay tuned for more wonderful projects in the spring!

Sandy
