## SHWindow

Just received word this morning from Geoff Ellsworth of a sign demonstration at the SH Planning Commission meeting tonight. Here is his message:

*"Taking a page from the Sonoma County playbook, Citizen Statement "Action Van" hits the street. I will be held up in St. Helena this morning so will miss Board of Supes today but will be at coalition meeting this afternoon and we will have signs out at 5pm to hold before St. Helena Planning Commission special meeting today at Vintage Hall, 465 Main St. in front of St. Helena High School for anyone wanting to join in.  
Best, Geoff" **So drop around and walk the talk.***

To relate Effect above to Cause below, here is the latest 'thing' off Langtry Road in technically Sonoma County but all access comes off Spring Mountain Road in St. Helena -- already approved! Same story, people who grew money and then discovered actual growing but couldn't let go of the mindset -- \$2,400max/night, complete with totally pure moat! Here's the [Press Democrat story](#). Photo below is only the main guesthouse.
